Wyoming Interstate Company, Ltd; Modification of Pending Technical Conference

January 24, 1997.

The Secretary to the Commission previously issued a notice that the Staff would hold a technical conference in these proceedings at 10:00 a.m., January 28, 1997, at 888 First Street, N.E., Washington, D.C., in a room to be designated at that time. The purpose of the conference was to discuss Wyoming Interstate Company, Ltd Company's proposed increase of the Fuel Gas and Unaccounted-for Gas percentage component of its transportation rates. On January 21, 1997, Public Service Company of Colorado and Cheyenne Light, Fuel, and Power Company (PSCo)

filed a notice of withdrawal of protest with the Commission.

PSCo was the only active party and no longer desires to hold a technical conference. However, the proposed technical conference was also to address certain matters of concern to the Commission staff. These are expected to require only a small amount of time. Therefore, in the interest of administrative efficiency, the technical conference will be conducted by telephone on the date and time scheduled. Questions should be directed to John M. Robinson, (202) 208-0808, or Leon Smith, (202) 208-0505.
